OF NEWFOUNDLAND AND LABRADOR

### Verification of Licensure by CLPNNL

Verification of licensure is a measure undertaken by regulators to validate that an individual has met the criteria for licensure in another jurisdiction, and to know if any current investigations, or ongoing or past discipline, exists in relation to a registrant.

CLPNNL will complete verifications for LPNs who are seeking licensure in other jurisdictions.

#### **Policy:**

- Applicants must complete their request for verification in the member portal and pay the required fee.
- Once the fee has been received, the form is completed, digitally signed and sent directly to the requested jurisdiction.
- CLPNNL will complete the verification within ten (10) business days.
